

# USGBC Nevada Members Only Education Opportunity

## USGBC Education Provider Program

Facilitates access to high quality professional development courses to provide Continuing Education for LEED Green Associates and Accredited Professionals

**The USGBC NV Chapter has become an Education Provider and is looking to members to develop courses.**

The Education Committee will help you develop a course that you can then promote and give to any group of your choosing. This is a great opportunity to market your green product category or green building ideas. There is no cost to members for this service, but this is limited to ten (10) courses per year. In return for helping get you or your company through the certification process with the USGBC, you will be required to commit to give your presentation to USGBC NV members at no cost twice yearly for as long as it is a registered CEU class. The Education Committee has some great resources to help you certify your presentation including checklists and example presentations. Contact Jennifer Turchin at [jennifer.turchin@sellen.com](mailto:jennifer.turchin@sellen.com) or David Schmidt at [davidschmidt.architect@yahoo.com](mailto:davidschmidt.architect@yahoo.com) for more information or visit <http://www.usgbc.org/DisplayPage.aspx?CMSPageID=1654>. Please fill out the application and fax to USGBC NV. We will contact you regarding your course development.

**The USGBC Nevada Chapter** is committed to improving the building industry in Southern Nevada by providing educational resources to improve the quality and cost of LEED Certified construction

**\*\*\*Limited to the first 10 classes for 2011\*\*\***
